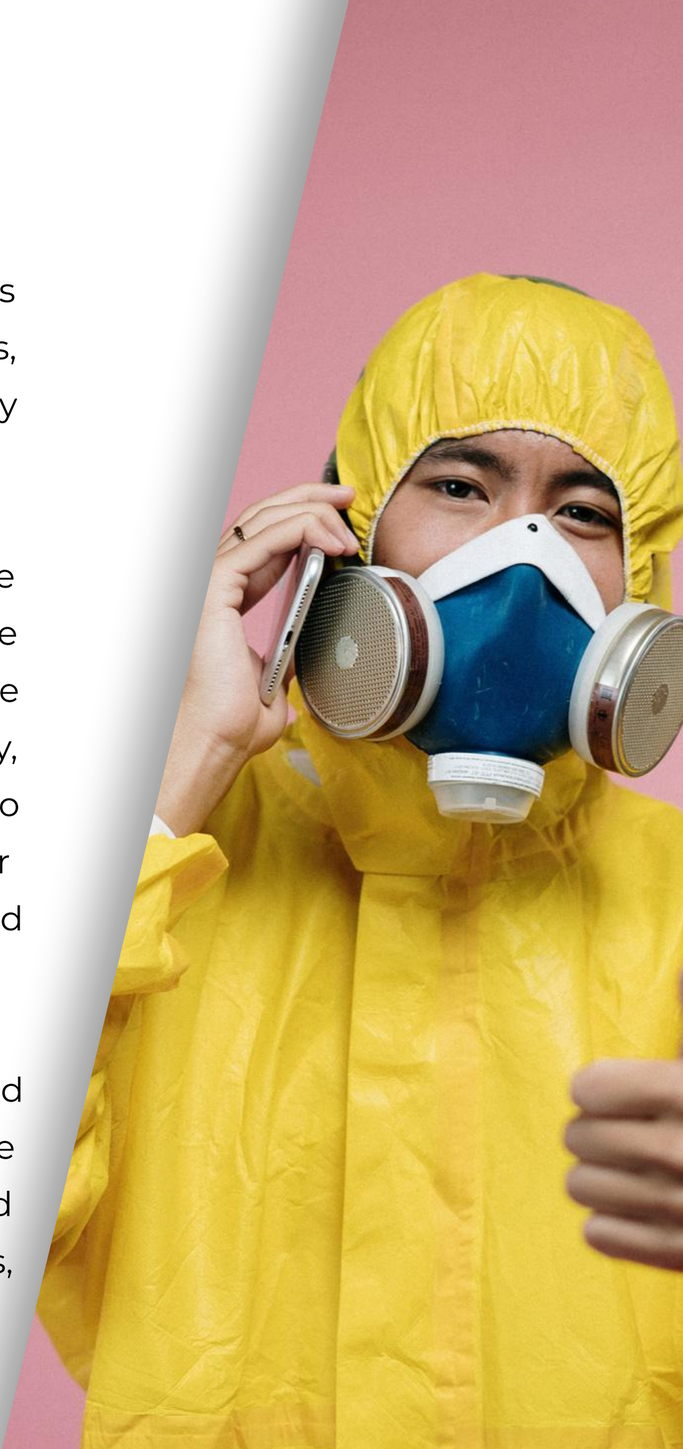
About Us

Beier Safety & Security Limited is a privately owned company formed in 1998 by reputable Ugandans who are committed to providing safety and security services and merchandise to individuals, companies large and small as well as government institutions. We provide a full spectrum of security services and equipment of credible quality that meets international standards.

Our expertise in safety security integration is extensive and we believe that excellent service is the key to establishing and maintaining successful relationships between ourselves and our clients. We are a new generation company with modern ideas and a philosophy of being the leader in the provision of protective equipment with a robust understanding of the regional security industry, creating new solutions based on innovative ideas while utilising the finest that technology has to offer, thereby, remaining the industry leaders in electronic security integration in Africa. Our commitment is the strategic design and seamless execution of innovative, state-of-the-art safety and security systems and gear delivered within budget and agreed timelines.

With offices in Kampala, Durban and Johannesburg, Beier Safety & Security Limited has fully licensed and qualified personnel providing safety solutions to several satisfied clients all over Africa. We are committed to becoming your market leader of choice in the installation of integrated CCTV, fire and security systems, respiratory, head, foot and body protection, safety gear. Alarm systems for cars, homes, factory, mines, hospital and schools.



With all the experience in the industry obtained throughout the years, we have engineered specialised integrated electronic security systems for many small, medium and large corporate businesses' requiring specialised integration between access control, alarm systems and technologically advanced human body protection safety gear.

Beier Safety & Security Limited boasts of a rich portfolio of clients that includes the UNDP, UNCHR, Bank of Uganda, Vivo Energy, Non-Governmental Organisations as well as several individuals who enjoy a bevy of world class services from our business associates. We are re-sellers for DELTA-PLUS France.

At Beier Safety & Security Limited we provide a comprehensive range of turnkey safety solutions from basic to enterprise solutions through to integrated systems that are customised to the client's project needs.

We work with you to design and develop a tailored system that will grow with your future needs and requirements while saving you time and money.
